

What is Grasshopper Soccer?

Since 1990, Grasshopper Soccer has been leading the way in the development of young children through soccer. We aim to not only improve their soccer skills, but to provide a safe and enjoyable learning environment for our young grasshoppers to excel.

Our Grasshopper Soccer programs have been professionally developed over this time to make sure our aims are always exceeded.

We start with children at around the age of 2 and provide a pathway to work with the up until the age of around 12. We see Grasshopper Soccer as a valuable addition to children's learning over this period of time. In our programs, we mix fun skill development and activities with actual small sided soccer games. Depending on the program that is suitable for your child, parental involvement is also a key element at Grasshopper Soccer. Our programs are run throughout the whole year. We also offer programs during the school term and also holiday programs. We operate our programs on weekdays and on the weekend.

Grasshopper Soccer Philosophy

Grasshopper Soccer believes in providing the right social environment for children, to ensure fair play, sportsmanship, skill advancement, social interaction and further development of children ready to approach the next milestones of life that quickly approach. As a result, Grasshopper Soccer provides coaching based on the following three principles:

- 1) Non-competitive
- 2) Fun
- 3) Support

Being Non-competitive means children are able to develop their skills without the pressure of 'winning and losing'. This also leads to the ideology of fun, where children can enjoy learning and be excited at the idea of playing soccer week in and out. Support is where the parents and coaches come into the equation. Grasshopper Soccer incorporates parents and coaches to be directly involved in participation, training and encouragement of the child to 'have a go'.

What can Grasshopper Soccer offer you?

Grasshopper Soccer has been in partnership with many state and private schools across the country where we have provided and conducted programs that have assisted thousands of Australian children learn the fun that can be associated with playing sport and in particular, soccer. Grasshopper Soccer has many years of experience working with schools and we understand the dynamic nature of school communities. Our programs can be designed to cater to the needs of a school to ensure that the specific needs of each school are addressed. Grasshopper Soccer also runs programs on the weekends for those who are unable to make our sessions during the week. These programs on the weekend are more age focused and some involve parent participation, which gives parents the opportunity to bond with their children. Grasshopper Soccer can provide the following services for your school:

- ⚽ In School Programs
- ⚽ Before, after & lunchtime soccer sessions
- ⚽ Holiday Programs
- ⚽ Kindergarten & pre-primary programs
- ⚽ Corporate Activities
